

SET-UP CREW

Thank you for volunteering to help setup for this weekend's festival.

Your job is to set up the LARGE GYM and SMALL GYM. This is an easy job...
The large gym is for brass & woodwind warmup. Small Gym = String warmup.

- 1) Take signs and put near the gym doors.
- 2) Bring down 15 music stands for the large gym, and 8 stands for the small gym. Place in different parts of the gym... (near the walls is better), but some in the center is fine too...
- 3) Place a few more of these "warmup signs" in various parts of the first floor, POINTING people to the gym... If you were new to our building, would you be able to find the warmup room?

Brass/Woodwind Warmup

String Warmup

SET-UP CREW

Thank you for volunteering to help setup for this weekend's festival.

Your job is to set put up the "JUDGES MEETING THIS WAY" signs.
These are very small signs, but are important because judges will be arriving in less than an hour, and some will not know where the LIBRARY CLASSROOM IS....

Important to place a sign near EVERY entrance.... one sign will do... to get them pointed in the right direction. Then... if you were new to this building... where would YOU place the **next** sign to KEEP them moving in the right direction?! We DON'T want these signs every 4 feet.... be modest, but help them find their way.

Thank you.

Judges Meeting
